

Veterinary Multi-Vitamin

An equine nutritional supplement to promote and maintain optimum health.

Veterinary Multi-Vitamin is a complementary feedingstuff designed to provide a supplementary source of Vitamins and Trace Elements to all performance and competition horses and ponies. It is particularly indicated for animals on pasture, animals being fed just grain and hay, or as a nutritional adjunct to horses recovering from illness.

Presentation 3 Kg

Composition Dextrose, Dicalcium Phosphate, Calcium Carbonate, Magnesium Oxide, Sodium Chloride.

Additives	Per 50g		Per 1kg
	Per 50g	Per 1kg
